

Gopal Gurav
Honorary General Secretary, PLSSIA

Dear Industry Colleagues,

What A pleasure to see that one of our endear project- Directory of Industries within PLSSIA.
I am highly elated to present you this volume which is in your hand.

Friends, for every industry to function and prosper, quality production, sourcing, marketing becomes pivotal. Without appropriate and handy information, these functions can't be performed with excellence. I believed that our industrial area being one of the oldest MSME industrial cluster in Maharashtra, housing 1000 plus MSMEs has tremendous potential to grow. I strongly believed that as an industry, we can help each other provided, we have information of industries within PLSSIA. Thats the reason we have planned to publish a Directory with as many entries possible.

Outstanding efforts are made to go door to door in each and every unit of PLSSIA. The team had tough time in many ways to collect data. Nevertheless, after untiring efforts, we are able to publish a Directory with more than 800 entries which will aid business in better sourcing and also integrating businesses of members.

Dear members, we consider every entrepreneurs of our PLSSIA is our colleague/brother as far as their industrial well-being is concerned. In this spirit, we have taken in all inclusive approach, irrespective of weather the unit is PLSSIA member or not, their data still appears in the directory.

I would implore those unit holders who are yet to become member of association, please become part of it for innumerable support you derive from it. Our collective strength can write our future survival.

Wishing every one great future.

Gopal Gurav
Honorary General Secretary, PLSSIA
