

Message by **Mr. Pradeep Garg**
Honorary General Secretary, TMIA

Dear Members,

I hope this message finds you in the best of health and cheer. As part of our ongoing efforts to maintain accurate and up-to-date records, we have published this latest edition of our Members Directory. With your cooperation and to the best of our efforts, we have ensured that the directory reflects the most current and relevant information of all the members.

The members' directory serves as a valuable resource for networking, collaboration and communication within our Association. Quality in production, sourcing, marketing and sales are paramount for performance and excellence. TTC MIDC Industrial Area being one of the largest industrial areas with huge MSME presence has tremendous potential to grow. Every member of the Association will be provided with a copy of the Directory so that they can contact other members and ensure that their sourcing is done within the group and their products also find consumers within the group. We sincerely believe that this directory will open new business opportunities in terms of new customers and vendors.

I wish each and every member all the very best and wish them all success in all their endeavours.

Thanking you,

Pradeep Garg
Hon. Gen. Secretary, TMIA
