

ABOUT US

PLSSIA was established in the year 1979 under gram panchayat, prior to the formation of Thane Municipal Corporation. Our MSME Industrial Cluster is situated at Pokhran Road No.1 near Upvan Lake at the base of Yeoor hills. Our Association is registered under the charitable trust. Our Industrial belt is set up in around 60 acres of land.

We are a group of Industrialists, Entrepreneurs and Professionals having more than 800 members with small scale industries. Our Industrial units are also registered with MSME under DIC. Our association is actively involved and associated with TISSA and life member for COSIA.

The committee members meet every month to review the progress of the activities undertaken and to discuss the action plan of the association. Our Association helps its members to address their grievances with agencies like MSEDC (then MSEB), Local Municipal Corporation and other state government bodies. Our association is also actively involved in organising health check- up camps, meetings with bankers for financial assistance, training programs etc.

The association is already in the process bringing out an industrial directory of its esteemed members. The Association has dedicated staffs who works with its members to understand, identify and strive to meet the needs and expectations of the members. With the combined efforts of its members the association is working extensively and tirelessly in achieving its aims and goals.
